Dear Dr. Hashemi:

Your manuscript entitled "Environmental Selection of Thymine over Uracil in Prebiotic Chemical Evolution: Insights from a Kinetic Monte Carlo Model" has been successfully submitted online and is presently being given full consideration for publication in the International Journal of Astrobiology.

Your manuscript ID is IJA-2026-0085.

Please mention the above manuscript ID in all future correspondence. If there are any changes in your street address or e-mail address, please log in to Manuscript Central at https://mc.manuscriptcentral.com/submit_ija and edit your user information as appropriate.

You can also view the status of your manuscript at any time by checking your Author Center after logging in to https://mc.manuscriptcentral.com/submit_ija.

If you wish to add an ORCID iD to this submission, please ensure you have linked your ORCID record in ScholarOne, as these can only be added prior to acceptance. To create a new ORCID record or to link your user account to an existing ORCID iD, log into your ScholarOne account using this link: https://mc.manuscriptcentral.com/submit_ija and click on your name in the top-right, click 'e-mail / name', and follow the steps to create or associate your ORCID iD. Please also take this opportunity to ensure all your account details are up-to-date.

As International Journal of Astrobiology offers Open Access (OA) publication, you might also like to find out more about publishing OA such as the benefits of doing so and things you need to know by visiting our Publishing Open Access information page:

<https://www.cambridge.org/core/services/authors/journals/publishing-open-access>

Thank you for submitting your manuscript to the International Journal of Astrobiology.

Sincerely,
International Journal of Astrobiology Editorial Office
